**Special Meeting ---- Sex
Education --- March 10**

The Clinton School District is a member of the Missoula Area Curriculum Consortium and reviews one or more curriculums annually. This year health enhancement and physical education were reviewed, and this document is scheduled to be approved at the March Board meeting. This curriculum is in compliance with state standards and part of this document is Physical Growth and Development (sex education) taught at the sixth, seventh and eighth grade levels. Board policy 2335 states in part: "The instructional approach shall be developed after formal consultation with parents and other community representatives. Parents may ask to review the materials to be used and may request that their child be excluded from sex education class sessions without prejudice." In compliance with this section of the policy, I have scheduled this meeting for Wednesday, March 10th from 7:00 to 8:00 P.M., in Ms. Edward's room #38.
