

## Student Contract

I do not need to be FRIENDS with everyone, but I am expected to be FRIENDLY with everyone.

### **THE GOLDEN RULE**

**Do unto others as you would have them do unto you!**

Treat others the way I want to be treated. Think about how I want to be treated.

- I will think of others.
- I will keep body parts myself.
- I will talk nice to everyone using my words and my tone.
- I will allow others to join in. I will not exclude people.
- I will say yes to people.

- I will not start or spread rumors.
- I will call others correctly. I will not call them names.
- I will laugh at appropriate times.
- I understand that I am not better than anyone else. Everyone is equal in this classroom.
- I will show loving gestures, and will not show rude gestures.
- I will mean what I say and will not give empty promises.
- I will encourage others with my actions and words.
